

Announcement: Printed copies of the JAA Special Issue **“AstroSat: five years in orbit”**

The editorial team of the Journal of Astrophysics and Astronomy (JAA) of the Indian Academy of Sciences is publishing a special issue to mark the milestone of AstroSat completing 5 years in orbit. The issue consists of more than 60 refereed articles.

The link to the contents of this special issue is provided below.

[https://www.ias.ac.in/Journals/Journal\\_of\\_Astrophysics\\_and\\_Astronomy/Special\\_Issues](https://www.ias.ac.in/Journals/Journal_of_Astrophysics_and_Astronomy/Special_Issues)

While the electronic version of all the papers will be available free of cost from the JAA page, we also plan to print a limited number of hard copies of this issue. The issue will be softbound, and about 726 pages long.

The cost of each copy is estimated to be max. of Rs. 3750/- inclusive of courier charges within India. The delivery charges will be higher for international destinations. The cost per copy may however significantly reduce based on the total number of orders received.

Those of you and your team members who would like to have a printed copy are requested to respond by filling in the following google form before 31 August 2021:
